

Accumulator Sizing Sheet	
DATA SHEET Application : ENERGY STORAGE	
Date:	
Company Name	
Contact Name (first/last name)	
E-mail	
Telephone	
Address	
Website	
Market Segment: Example:. O&G, Distribution, Marine, Industrial, Offshore, Service	
SIZING DATA	
Describe application: Please include your system schematic (if available)	
Fluid Type:	
Volume of Fluid to be restored ((gallons/liters)	
Dual Time (Charge-Stabilization-Discharge) (sec)	
Maximum Working Pressure (P2) (psi/bar)	
Minimum Working Pressure (P1) (psi/bar)	
Fluid Temperature during Operation Min/Max °C	
Certification	
TECHNICAL SPECIFICATION OR SPECIAL REQUIREMENTS HAVE TO BE FILLED IN	
Material Options	
Special Port Connections and Adaptors	
Special Coatings	
End User Country	
Notes	
If there is no special requirement, we will offer standard connection and material according to the fluid and PED 97/23/EC (**)
