ACC100 Sensors

Catalog HY33-2377/US

ENGINEERING YOUR SUCCESS.

Application

The ACC100 inclinometer sensor belongs to the Parker family of accessories provided to complement electronic control systems. The ACC100 is a 5 Vdc, dual output inclinometer built with accelerometer technology for mobile hydraulic applications. The ACC100 can be used to sense tilt and motion of the equipment where it is mounted. The sensor has twelve inch leads with an attached Deutsch connector. To make the sensor suitable for mobile equipment, we have focused upon properties such as reliability, electromagnetic immunity and ease of installation.

Properties

Reliability

The ACC100 has a glass-filled nylon plastic construction for sturdiness and corrosion resistance. The sensor uses micro-machined technology for trouble free operation. The second output makes this sensor very reliable and adds redundancy. The sensor is very robust and able to withstand rugged applications.

Electromagnetic immunity

The design of the ACC100 has a high level of EMI protection.

Installation

The ACC100 is well designed for the mobile hydraulics industry. The 6 pin connector is a sealed Deutsch DTM type designed for automotive use. This connector combined with potted electronics gives the sensor IP67 protection for exposed outdoor applications. The 3 reinforced mounting holes are large, and the tripod mount simplifies leveling and alignment. These features provide for easy installation and removal, even in field conditions.

General

Weight	0.22 kg
Temperature range	-40°C to 85°C
Operating life	1 billion cycles
Measuring range	±40 degrees
Total error	±0.1 V (±5.3 degrees)

Mechanical characteristics

Mounting plane	Horizontal
Connector	Deutsch DTM

Electrical specifications

Zero point	2.434 Vdc
+40 degrees (primary)	3.192 Vdc nominal
+40 degrees (secondary)	1.675 Vdc nominal
-40 degrees (primary)	1.675 Vdc nominal
-40 degrees (secondary)	3.192 Vdc nominal
Supply Voltage(Vs)	5.0 Vdc
Current supply	Max 5 mA
Output range	1.675 - 3.192 Vdc

Ordering part number

ACC100	155471

**WARNING - USER RESPONSIBILITY**

FAILURE OR IMPROPER SELECTION OR IMPROPER USE OF THE PRODUCTS DESCRIBED HEREIN OR RELATED ITEMS CAN CAUSE DEATH, PERSONAL INJURY AND PROPERTY DAMAGE.

- This document and other information from Parker-Hannifin Corporation, its subsidiaries and authorized distributors provide product or system options for further investigation by users having technical expertise.
- The user, through its own analysis and testing, is solely responsible for making the final selection of the system and components and assuring that all performance, endurance, maintenance, safety and warning requirements of the application are met. The user must analyze all aspects of the application, follow applicable industry standards, and follow the information concerning the product in the current product catalog and in any other materials provided from Parker or its subsidiaries or authorized distributors.
- To the extent that Parker or its subsidiaries or authorized distributors provide component or system options based upon data or specifications provided by the user, the user is responsible for determining that such data and specifications are suitable and sufficient for all applications and reasonably foreseeable uses of the components or systems.

OFFER OF SALE

Please contact your Parker representative for a detailed "Offer of Sale".

Parker Hydraulics International Sales Offices

North America

Hydraulics Group Headquarters

6035 Parkland Boulevard
Cleveland, OH 44124-4141 USA
